OFFICE OF THE FOOD CONTROLLER AND DIRECTOR OF CIVIL SUPPLIES IN MYSORE.

REVIEW FOR APRIL 1920.

Dated 13th May 1920.

Imports.—The principal event of the month was the removal by the Government of India of all inter-provincial restrictions over the movements of rice, except with reference to the North-West Frontier Province and Baluchistan with effect from the 1st of April 1920. Wide publicity was given to the fact that merchants could import rice freely from the Madras Presidency as well as from other parts of India and this has been availed of to a certain extent. In addition to imports of Madras rice without control, 1,248 tons were imported during the month under control, towards previous arrears bringing up the total of Madras rice imported under control to 9,808 tons.

2. *Burma rice.*—No allotment of rice from Burma was sanctioned for the month. The Deputy Foodstuffs Commissioner intimated that the Burma rice required for the State for April may be drawn from the surplus stocks available in Calcutta and Bombay. This permission could not however be availed of as the cost would have been prohibitive.

The balance out of February allotment that had yet to come in and the whole of the 4,000 tons of the March allotment were received during the month. The total quantity of Burma rice imported into the State from the beginning comes to 44,746 tons costing Rs. 69,22,746.

3. *Rice from Bihar and Orissa.*—The arrears of previous months due from Bihar and Orissa, *viz.*, 275 tons, were imported during the month.

4. *Rice from Central Provinces and Bengal.*—One hundred tons of rice from the Central Provinces and one hundred tons of rice from Calcutta were actually imported during the month.

The total quantity of rice imported from Bengal until the end of the month is 6,404 tons.

5. *Bengal gram.*—An allotment of 500 tons of Bengal gram from the Punjab was sanctioned by the Deputy Food Stuffs Commissioner for India. The whole of this was certificated and 260 tons were actually received during the month.
